PACKARD IS AT BATTLE CREEK

WRITES INTERESTINGLY FROM NORTHERN CITY, AND APPROVES FIGHT BEING MADE AGAINST HOUSEFLY.

Editor Pensacola Journal:

I am wondering if you can comprehend how welcome a visitor to this somewhat remote northern point is the copy of your excellent publication I daily receive. It comes fragrant with blessed memories of the roses, violets et al which I left behind me in February, together with the rich promise of glorious magnolias, no doubt present with you at this writing.

Here the "springtime" has thus far been a misnomer. For now nearly 70 days since my arrival we have had a constant succession of cold, high winds, rain, snow, hail and sleet, through which occasional peeps of the sun, abashed by its surroundings, were to be had.

I had forgotten how cold is a northern spring. Pardon me if I write you a few words of intense approval of the splendid fight you are making against the vile housefly. No more important matter could in my judgment, engage the earnest attention of a public print. Its banishment would mean so much to your charming city, would add so much to the joy of life; would be of such incomparable benefit to your people, and add so greatly to the pleasure of living.

It was written that he is a public benefactor who causes two blades of grass to grow where one grew before. Any who are familiar with the vile and filthy habits of the housefly will admit that he who causes one fly less in a civilized community is a benefactor indeed.

Continue in your splendid work in this particular and thus bless your community. Keep at it as you have begun and presently you will have accomplished magnificently for your fair city.

Fraternally yours,
CON. C. PACKARD.

YOUNG COUPLE WEDDED HERE

ROBERT W. ELLIOTT AND MISS MARY LEE KEATON, BOTH OF MOBILE, ELUDED THE "OLD FOLKS" AND MARRIED IN PENSACOLA.

Robert W. Elliott and Miss Mary Lee Keaton, of Mobile, were united in marriage yesterday morning at the parsonage of the Gadsden street Methodist church, Rev. E. C. Moore officiating, the witnesses to the ceremony being Miss Birdie Dunham and Wm. Portless of this city.

The wedding was the culmination of a love affair having its origin in Mobile and an event that ends parental objections on the part of the pretty young bride.

Before leaving Mobile Monday night Mr. Elliott sent a letter to the parents of his intended bride, Mr. and Mrs. Geo. W. Keaton informing them that he and Miss Keaton had left for Birmingham, but their arrival and subsequent marriage here yesterday shows that they were "only fooling" the old folks.

During their stay in Pensacola Mr. and Mrs. Elliott were guests at Mrs. Dupree's residence, No. 113 East Indendencia street.

Mr. Elliott is a clerk in Van Antwerp's drug store in Mobile and Mrs. Elliott is the daughter of Mr. and Mrs. Geo. W. Keaton, of that city.

The happy young couple left for Mobile last night.

To show that he feared no warlike demonstration on the part of the bride's parents, Mr. Elliott asked that the Mobile papers be requested to copy this announcement.

NEW COTTON RECORD.

Norfolk, Va., May 18.—There was made today a new high record in the Norfolk cotton market for the present season, middling cotton being quoted firm at 11 cents with sales of 1,002 bales. This is 2 1/4 cents per pound advance since December 16, 1908, and 5-8 cents per pound since May 1.

NINTH INNING RALLY WON FOR SNEADS TEAM.

Grand Ridge, May 18.—Friday afternoon at the ball park, Altha met Sneads here for the second game of the season, as the game played here two weeks ago resulted in a tie, and the greatest enthusiasm was manifested from the time the first man stepped up to the bat until the last

one was out. This time the game was decided, but it was very near a tie again. In the ninth inning, Altha was two scores ahead of Sneads, which made three scores necessary to win, and things looked exceedingly gloomy for the Sneads aggregation. However, baseball is still an unsolved problem and now was the time for the grand ninth inning rally.

Ly Lanier for Sneads, hit safe to first and the catcher fumbled a ball and he easily stole second. George Stone was then called to bat, and by an overthrow Lanier reached third. Stone rapped his third two-bagger of the game and scored Lanier. Simpson walked Hatton and Jenkins sacrificed Stone to third and Hatton to second. J. L. Stone popped to right and Stone scored on the throw in. Hallman hit a grass cutter to short but was fawored out at first, scoring Hatton, which was the winning score, and Horne retired the side by striking out. It was a ninth inning rally such as you read about in major leagues, and the old adage "that never consider yourselves beaten until the last man is out," is indeed to be remembered. The final score stood 13 to 12 and Sneads the winner, but it was indeed a hotly contested game. Both sides made some very pretty plays and double plays were plentiful.

Some Men Know But Forget

MONEY WILL NOT BUY HEALTH.

And until the aches and ills of the food transgressor attack them, the value of pure and wisely selected food is forgotten. Sometimes it takes a right sharp spell of sickness to prove the close relation of food and health—that Pure Foods mean perfect digestion and pure blood—the true secret of comfort and good health.

Grape-Nuts

Is a pre-digested, scientifically prepared food that is readily absorbed by the weakest stomachs, and builds up body and brain.

It has brought thousands of voluntary testimonials from people who have gained health from its daily use.

"The Road to Wellville" Pointed the Way.

Down at Hot Springs, Ark., the visitors have all sorts of complaints, but is a subject of remark that the great majority of them have some trouble with stomach and bowels. This may be partly attributed to the heavy medicines.

Naturally, under the conditions, the question of food is very prominent. A young man states that he had suffered for nine years. The perfect digestion of the food quieted his nervous system and made sleep possible.

He says: "The next morning I was astonished to find my condition of constipation had disappeared. I could not believe it true after suffering for so many years; then I took more interest in the food, read the little book, 'The Road to Wellville,' and started following the simple directions."

"I have met with such results that in the last five weeks I have gained eight pounds in spite of hot baths, which take away the flesh from anyone."

"A friend of mine has been entirely cured of a bad case of indigestion and stomach trouble by using Grape-Nuts Food and cream alone for breakfast. 'There is one thing in particular. I have noticed a great change in my mental condition. Formerly I could hardly remember anything, and now the mind seems unusually acute and retentive. I can memorize practically anything I desire.'"
